

SAFETY DATA SHEET

1. Identification

Product identifier	OdoBan - Original Eucalyptus Scent	
Other means of identification	None	
Recommended use	Disinfectant	
Recommended restrictions	None known.	
Manufacturer/Importer/Supplier/Distributor information		
Manufacturer		
Company name	Clean Control Corporation c/o Maclsaac & Associates	
Address	440 Gloucester Street, Suite 2111 Ottawa, ON K1R 7T8 Canada	
Telephone	613-236-2250	
e-mail	Not available.	
Emergency phone number	CHEMTREC:	chemtrec@chemtrec.com
	CHEMTREC:	1-800-262-8200 (U.S.)
	CHEMTREC:	1-703-741-5500 (International)
Supplier	See above.	

2. Hazard identification

Physical hazards	Not classified.	
Health hazards	Skin corrosion/irritation	Category 2
	Serious eye damage/eye irritation	Category 1
Environmental hazards	Not classified.	

Label elements

Signal word	Danger	
Hazard statement	Causes skin irritation. Causes serious eye damage.	
Precautionary statement		
Prevention	Wash thoroughly after handling. Wear eye protection/face protection. Wear protective gloves.	
Response	IF ON SKIN: Wash with plenty of water. If skin irritation occurs: Get medical advice/attention. Specific treatment (see information on this label). Immediately call a POISON CENTER/doctor.	
Storage	Store away from incompatible materials.	
Disposal	Dispose of waste and residues in accordance with local authority requirements.	
Other hazards	None known.	
Supplemental information	This product is not subject to the Hazardous Products Act (HPA) Part II (Hazardous Products) as per paragraph 12(j); Schedule 1 (Non-Application of Part II). This restriction states that Part II does not apply in respect of the sale or importation of anything listed in Schedule 1 which includes any pest control product as defined in subsection 2(1) of the Pest Control Products Act, any explosive as defined in section 2 of the Explosives Act, any cosmetic, device, drug or food, as defined in section 2 of the Food and Drugs Act, any consumer product as defined in section 2 of the Canada Consumer Product Safety Act and any wood or product made of wood. This is a registered DIN product. The product labeling is in compliance with Health Canada regulations and guidelines. Exempt - Registered product - (DIN 02426528).	

M

(C14 50 , C12 40 , C16 10) dimeth benz ammonium chloride	68424-85-1		2

concentrations are in percent weight unless ingredient is a gas. Gas concentrations are in percent volume.
 Not applicable to DIN products. Refer to product label for active ingredient content.

4

Is symptoms develop more difficult to breathe. Is symptoms persist, obtain medical attention.
 Wash with plenty soap and water.
 If washed in eyes, flush with water for 15 minutes. Irritation persists, seek medical attention.
 Do not induce vomiting. Drink large quantities of milk or water. Obtain medical attention or contact a poison control centre immediately. Take container, label or product name and DIN Number with you when seeking medical attention.
 Causes eye irritation. Closed may experience eye tearing, redness, and discomfort. Skin irritation. May cause redness and pain.
 Provide general supportive measures and treat symptomatically. Symptoms may be delayed.
 If you feel unwell, seek medical advice (show the label where possible). Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Show this safety data sheet to the doctor in attendance. Avoid contact with eyes and skin. Keep out of reach of children.

5

Water fog. Foam. Dry chemical powder. Carbon dioxide.
 Do not use water jet as an extinguisher, as this will spread the fire.
 During fire, gases hazardous to health may be formed.
 May include and are not limited to: Oxides of carbon. Oxides of nitrogen. Hydrogen chloride.
 Self-contained breathing apparatus and full protective clothing must be worn in case of fire.
 Move containers from fire area if you can do so without risk.
 Use standard firefighting procedures and consider the hazards of other involved materials.
 No unusual fire or explosion hazards noted.

6

See unnecessary personnel area. See people area from and avoid spill/leak. Wear appropriate protective equipment and clothing during clean-up. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Ensure adequate ventilation. Local authorities should be advised if significant spillages cannot be contained. For personal protection, see section 8.
 Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Cover with plastic sheet to prevent spreading. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water.
 Small Spills: Use up with absorbent material (e.g. cloth, tissue). Clean surface thoroughly to remove residual contamination.
 Never return spills to original containers for re-use. For waste disposal, see section 13 of the SDS.
 Avoid discharge into drains, water courses or onto the ground. Do not discharge into lakes, streams, ponds or public waters.

7

Avoid contact with eyes, skin, and clothing. Provide adequate ventilation. Wear appropriate personal protective equipment. Wash thoroughly after handling. Use good industrial hygiene practices in handling this material. When using do not eat or drink.

1

R This product may react with strong oxidizing agents.
Stable under recommended storage conditions.
No dangerous reaction known under conditions of normal use.
r
d Avoid temperatures exceeding the flash point. Do not mix with other chemicals.
Strong oxidizing agents.
rd May include and are not limited to: Oxides of carbon. Oxides of nitrogen. Hydrogen chloride.
rd
