

PRECONSTRUCTION MANAGER

DENVER AREA

Hausmann has steadily matured into one of the region's premier commercial general contracting, construction management, and design build firms. Our team is seeking a qualified candidate to join the Estimating team and assist with the preconstruction process. This position is responsible for coordinating and effectively communicating the preconstruction processes with owners, design teams and subcontractors, as well as gathering proposals, maintaining cost data and trends, and representing the company at preconstruction / pre-bid meetings.

The Preconstruction position is responsible for generating and coordinating bid schedules, maintaining multiple estimates and budgets simultaneously, creating and maintaining preconstruction schedules for multiple projects and transitioning the team from pre-con to the construction phase. Problem-solving skills, attention to detail, along with a Bachelor's Degree in Engineering or Construction related degree, and experience with OnScreen takeoff software will all be sought in a successful applicant.

An exciting opportunity with Hausmann awaits the right candidate. This is a busy, high-volume and friendly environment that will suit a self-motivated person who acts in a manner of integrity with the desire to grow in a company with an award-winning culture. Benefits include a competitive salary, comprehensive and competitive benefits package, an energetic work environment and opportunities for advancement.
