Notes to physician:

Treat symptomatically.

5. Fire-Fighting Measures**Suitable Extinguishing Media:**

Water fog. Carbon Dioxide (CO₂), Foam, Dry Chemical. Cool Tanks/ containers with water spray.

Unsuitable Extinguishing Media:

Do not use a solid water stream as it may scatter and spread fire.

Special Hazards That Arise From Chemical:

Extremely Flammable / Flammable. Keep product and empty container away from heat and sources of ignition. The chemical is sensitive to static discharge.

Firefighting Procedures and PPE:

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear. Use shielding to protect fire-fighters from bursting containers. In the event of fire and/or explosion do not breathe fumes.

6. Accidental Release Measures**Personal precautions, protective equipment, and emergency procedures:**

Personal precautions Use with adequate ventilation to keep the exposure levels below the OELS.

Environmental precautions:

Environmental precautions Vapors can accumulate in low areas. Prevent further leakage or spillage if safe to do so. Do not allow material to contaminate ground water system. Prevent product from entering drains.

Methods and materials for containment and cleaning up:

Absorb or cover with dry earth, sand or other non-combustible material and transfer to containers. Prevent further leakage or spillage if safe to do so. Soak up with inert absorbent material. Contain liquid and collect with an inert, non-combustible material. Pick up and transfer to properly labeled containers. Clean contaminated surface thoroughly. After cleaning, flush away traces with water. Prevent product from entering drains. Take precautionary measures against static discharges.

7. Handling And Storage**Precautions for safe handling:**

Avoid contact with eyes. Avoid breathing vapors or mists. Contents under pressure. Do not puncture or incinerate cans. Do not stick pin or any other sharp object into opening on top of can. Avoid skin contact. Use with adequate ventilation. Keep container away from heat, flames, and all other sources of ignition.

Keep can away from all sources of electricity such as electric motors and batteries. Do not spray on hot surfaces.

Recommendations for safe storage and Incompatibilities:

Keep containers tightly closed in a dry and well-ventilated place. Keep away from open flames, hot surfaces and sources of ignition. Keep in properly labeled containers. Keep out of the reach of children. Store locked up. Keep away from strong acids, alkalis, and oxidizing agents.
