Remarks : This product has not been tested as a whole. However, this formula was re-evaluated by ecotoxicologists in the Product Safety Assurance Department of Colgate-Palmolive and is determined to be safe for its intended use. This re-eval has taken into consideration available safety-related information including information on individual ingredients, similar formulas and potential ingredient interactions. This re-eval is a component of the hazard determination used to prepare the statements in Section 2 of the SDS.

12 **R** **M**

The product has not been tested as a whole for environmental toxicity. However, environmental information on the ingredients in this product have been re-evaluated by the Environmental Occupational Health and Safety group of Colgate-Palmolive and determined to have an acceptable environmental profile. This evaluation is based on available information on individual ingredients, interactions of ingredients, and similar ingredients. Biodegradability claims are supported by data on ingredients (i.e., surfactants are biodegradable).
